CHANGING CLIMATE - EVOLVING RIVER

“ Knowledge of climate change is fundamental for providing context for understanding the extreme events we are experiencing and will continue to experience, and to inform and support policy making and wise use of public resources. ”

Ray Wolf, Science and Operations Officer
NOAA / National Weather Service

Dear River Stakeholder,

Save the dates – **October 19-20** – to attend the 2022 Upper Mississippi River Conference, our 16th edition, at the Stoney Creek Inn, Moline, IL.

We'll look at how the private and public sectors can address climate change.

Visit: www.riveraction.org/umrc
for more information.
